DAON LAB Omega-3 1000

Fish oil softgel with 1,000 mg of EPA and DHA a day

Product code: DL-OM-01 | Version 1.0 | Issued 9 October 2026

> Fictional product created for a live-commerce AI demo. DAON LAB is not a real brand. All prices, ingredient amounts and test results are illustrative.

1. Product overview

Omega-3 1000 is a health supplement softgel made from purified fish oil. Two softgels a day give 1,000 mg of the omega-3 fatty acids EPA and DHA. It is made for adults who do not eat oily fish often and want to support their heart health and blood circulation as part of a balanced diet and lifestyle.

Each softgel has a lemon-scented coating and contains vitamin E to keep the oil fresh. It is a health supplement, not a medicine.

2. Key facts

Item	Detail
Product type	Health supplement (softgel)
Pack size	90 softgels (45 days' supply)

3. Key ingredients

Ingredient	Amount per softgel	Amount per day (2 softgels)
Purified fish oil	1,000 mg	2,000 mg
EPA (eicosapentaenoic acid)	300 mg	600 mg
DHA (docosahexaenoic acid)	200 mg	400 mg
Vitamin E (d-alpha tocopherol)	5 mg	10 mg

Other ingredients: fish gelatin (shell), glycerin, natural lemon flavour. The full ingredient list is printed on the bottle label.

4. How to take

1. Take 2 softgels a day with a glass of water.
2. Take them with a meal. You can take both at once, or one in the morning and one in the evening.
3. Do not take more than 2 softgels a day. More is not better.
4. Swallow whole. Do not chew.
5. It can be taken together with Liver Care Milk Thistle.

5. Quality tests and user survey

Quality tests are run on every production batch by an external laboratory. The user survey is an in-house survey of 30 adults aged 25 to 59 who took 2 softgels a day for 4 weeks. The survey asked about the softgel itself, not about health effects.

Measure	Result
EPA + DHA per 2 softgels (3 batches)	1,000 mg, within plus or minus 10% in every batch
Heavy metals (lead, cadmium, mercury, arsenic)	Within the limits for health supplements in every batch
Oxidation (freshness of the oil)	Within the limits in every batch
Survey: "no fishy aftertaste"	26 of 30 (87%)
Survey: "the softgel is easy to swallow"	24 of 30 (80%)

The tests show what is in the softgel. They are not clinical trials, and they do not show that the product treats, cures or prevents any disease.

6. Cautions

- This product is a health supplement. It is not a medicine and is not intended to diagnose, treat, cure or prevent any disease.
- Do not use it in place of a varied diet, a healthy lifestyle or medical treatment.
- Contains fish. Do not take it if you are allergic to fish.
- If you take blood-thinning medicine, have a bleeding disorder, or are going to have surgery, consult your doctor before use.

- If you have a heart condition, high cholesterol or any other medical condition, or you take medicine regularly, consult your doctor or pharmacist before use.
- Pregnancy and breastfeeding: the product has not been tested on pregnant or breastfeeding women. Consult your doctor before use.
- Not for children or anyone under 19.
- Stop taking it and consult a doctor if you get a rash, itching or stomach upset that does not go away.
- Do not exceed the stated daily amount.
- Keep out of reach of children. Store below 25°C in a dry place, away from direct sunlight. Keep the cap tightly closed.

7. Approved on-air claims

Hosts may use the following wording. It must stay a statement about supporting or maintaining normal health.

- Supports heart health.
- Helps maintain healthy blood circulation.
- 1,000 mg of EPA and DHA in two softgels a day.
- Purified fish oil from wild-caught anchovy and sardine.
- Lemon-scented softgel. Most people in our in-house survey reported no fishy aftertaste.
- With vitamin E to keep the oil fresh.
- Every batch is tested for EPA and DHA content, heavy metals and freshness.

Claims not approved for this product

- Lowers or reduces cholesterol, blood pressure or blood fats.
- Prevents or treats heart disease, heart attack, stroke, blood clots or hardening of the arteries.
- Thins the blood, or replaces blood-thinning, cholesterol or blood pressure medicine.
- Improves memory or IQ, or prevents dementia.
- Treats dry eyes, joint pain, arthritis or inflammation.
- "Clinically proven" or "proven by clinical trials". The product tests are quality tests, not clinical trials.
- No side effects, 100% safe, safe for everyone, or safe because it is natural.
- Works like a medicine, or means you do not need to see a doctor.
- Guaranteed results, or results for everyone.
- Recommended or endorsed by doctors or pharmacists.
- Comparative or superlative claims, such as "the purest omega-3 in Singapore".
