Deep Hydration Ampoule

Watery-gel ampoule with niacinamide and hyaluronic acid

Product code DL-AM-01 | Version 1.0 | Issued 1 October 2026

Fictional product created for a live-commerce AI demo. DAON LAB is not a real brand. All prices, ingredient amounts and test results are illustrative and must not be used as real product data.

1. Product overview

Deep Hydration Ampoule is a concentrated watery-gel ampoule that delivers instant hydration and helps skin look more radiant and even-toned. It is applied after toner and before moisturiser.

The formula is built on centella asiatica leaf water and combines 4% niacinamide with a hyaluronic acid complex of five molecular weights. It contains no added fragrance and no essential oils.

2. Key facts

3. Key ingredients

Ingredient (INCI)	Amount	Purpose in formula
Centella Asiatica Leaf Water	50% (formula base)	Base of the formula in place of plain water
Niacinamide	4%	Helps skin look more radiant and even-toned
Sodium Hyaluronate (5 molecular weights)	2%	Delivers instant hydration
Beta-Glucan	1%	Helps soothe the feeling of dryness
Panthenol	1%	Helps relieve the feeling of dryness

Full INCI list is printed on the outer carton. Amounts are percentages by weight in the final formula.

4. How to use

1 Use morning and night after cleansing and toner.
2 Apply two to three drops to the face and pat gently until absorbed.
3 Follow with Hydra Barrier Cream or your usual moisturiser.
4 If you are new to niacinamide, start with once a day for the first week.

5. In-house test results

In-house study, 30 participants aged 20 to 49 with dry or dull-looking skin, 4 weeks, twice-daily use. Skin hydration measured with a corneometer. Self-assessment by questionnaire. Patch test: 48 hours under dermatologist supervision.

Measure	Result
Skin hydration immediately after one application	+45% versus before application
Participants who said skin looked more radiant after 4 weeks	26 of 30 (87%)
Participants who said skin tone looked more even after 4 weeks	24 of 30 (80%)
Irritation reactions in 48-hour patch test	0 of 30 participants

Results are from a small in-house study and describe cosmetic effects only. Effects are not permanent and require continued use.

6. Cautions

- For external use only. Avoid contact with eyes. If the product gets into the eyes, rinse with water.
- Sensitive skin may feel a mild, temporary tingling. Stop using and consult a dermatologist if redness, swelling or itching continues.
- Do not apply to broken or damaged skin.
- Keep out of reach of children.
- Store below 30°C and away from direct sunlight. Close the dropper tightly after use.
- Pregnancy and breastfeeding: the product has not been specifically tested on pregnant or breastfeeding women. Customers who are pregnant or breastfeeding should consult their doctor before use.

7. Approved on-air claims

Hosts may use the following wording. Claims marked * must be said together with "in our in-house test".

- Delivers instant hydration.
- Helps skin look more radiant and even-toned with continued use.
- Helps reduce the look of fine dryness lines.
- Helps soothe the feeling of dryness.
- 26 of 30 participants said their skin looked more radiant after 4 weeks.*
- No added fragrance and no essential oils.

Claims not approved for this product

- Removes wrinkles or reverses skin ageing.
- Whitens skin, or permanently changes skin colour.
- Treats acne, acne scars, pigmentation disorders or any skin disease.
- Repairs, heals or regenerates skin cells.
- Permanent results, or results without continued use.
- Completely safe for everyone, or safe during pregnancy.
- Comparative or superlative claims, such as "stronger than any other ampoule".
