Hydra Barrier Cream

Lightweight gel-cream moisturiser for daily hydration

Product code DL-CR-01 | Version 1.0 | Issued 1 October 2026

Fictional product created for a live-commerce AI demo. DAON LAB is not a real brand. All prices, ingredient amounts and test results are illustrative and must not be used as real product data.

1. Product overview

Hydra Barrier Cream is a lightweight gel-cream moisturiser that helps keep skin hydrated and supports the skin's moisture barrier. It is designed as the final step of a daily skincare routine, morning and night.

The formula combines ceramide, panthenol and squalane with a hyaluronic acid complex. It contains no added fragrance and no essential oils, and it is suitable for all skin types, including sensitive skin.

2. Key facts

Made in	Republic of Korea

3. Key ingredients

Ingredient (INCI)	Amount	Purpose in formula
Panthenol	5%	Helps relieve the feeling of dryness
Squalane	3%	Softens skin and helps reduce moisture loss
Ceramide NP	1%	Helps support the skin's moisture barrier
Sodium Hyaluronate (3 molecular weights)	1%	Attracts and holds moisture on the skin surface
Allantoin	0.2%	Helps soothe the feeling of dryness

Full INCI list is printed on the outer carton. Amounts are percentages by weight in the final formula.

4. How to use

1 Use morning and night as the last step of your skincare routine.
2 If you use Deep Hydration Ampoule, apply the ampoule first and wait until it is absorbed.
3 Pump one to two times and spread evenly over the face and neck.
4 In the morning, apply sunscreen after the cream. The cream can be used under makeup.

5. In-house test results

In-house study, 32 participants aged 20 to 49 with dry or combination skin, 4 weeks, twice-daily use. Skin hydration measured with a corneometer. Self-assessment by questionnaire. Patch test: 48 hours under dermatologist supervision.

Measure	Result
Skin hydration immediately after one application	+38% versus before application
Skin hydration 24 hours after one application	+21% versus before application
Participants who said skin felt less dry after 2 weeks	29 of 32 (91%)
Irritation reactions in 48-hour patch test	0 of 32 participants

Results are from a small in-house study and describe cosmetic effects only. Effects are not permanent and require continued use.

6. Cautions

- For external use only. Avoid contact with eyes. If the product gets into the eyes, rinse with water.
- Stop using and consult a dermatologist if redness, swelling or itching appears during or after use.
- Do not apply to broken or damaged skin.
- Keep out of reach of children.
- Store below 30°C and away from direct sunlight.
- Pregnancy and breastfeeding: the product has not been specifically tested on pregnant or breastfeeding women. Customers who are pregnant or breastfeeding should consult their doctor before use.

7. Approved on-air claims
